Conservative Sentiment That It Might Benefit Party.

New York, Jan. 31.—The Times, in a copyright cable from the Lendon Times, says:

The Conservative Asociation of the City of Loudon decided Monday to nominate Mr. Balfour for the vacancy about to be made by the resignation of Mr. Gibbs, but the Liberal Association did not agree.

Politicians are wondering whether it it within the range of possibilities that some Liberal may defeat him in a city election and capture the seat just won by Mr Gibbs with over 10,000 majority, are holding steady. The receipts at There was one man at the meeting of W. A. Ricker's for the week ending Jan. There was one man at the meeting of the Conservative association who protested that it would be better for the Conservative party if Mr. Balfour were not again to lead the party. He said Mr. Balfour had never got hold of the democracy of the country and never would do so. He was a great parlianentary tatician and a most popular man in the House, but the democracy were heroworshippers, who wanted strong, strenuous man. They would not make a hero of Mr. Balfour. Many Conservative politicians privately wish that Mr. Balfour would stay out of Parliament. They have had enough of his leadership, and believe that a continu-ance of it will make the task of resuscitating the Conservative party extremely difficult, and perhaps impossible.

"PORK" FOR THE LOYAL.

Speaker Cannon May Open Barrel Worth \$15,000,000.

Washington, Jan. 31 .- To redeem the promises made while Republican members of the House were "insurging against the Philippins tariff bill and the joint statehood bill, Speaker Cannon and his lieutenants will seemingly have to open the way for an omnibus public building bill. The committee on public lot untrimmed felt hats, from 25 cents tically every member of the House has Gray squirrel neck scarfs are to be introduced a bill for a public building in his district; some of them have in-\$2.50. Braids, wings, fancy feathers, troduced as many as ten bills. If all and everything in the millinery line to the bills that have been introduced lose out. Mrs. J. M. Bond, 83 North should be passed it would take \$55,000, 000 out of the treasury to foot the bill. The committee is trying to keep the bills that will be reported down to

about \$15,000,000. In presenting a measure carrying this amount it will endeavor to give every Republican member, and some of the ridiculous, and among exclusive dress-Democrats who have behaved nicely, a piece of "pork." It is safe to assume that if the Houses passes a bill carrying \$15,000,000 the Senate will add from \$5,000,000 to \$10,000,000 to it. So it is reasonable to expect that this year's bill, if it meets with fair weather, will carry something over \$35,000,000.
